Has a new appeal for those  
who awake to a breakfast of

# New Post Toasties

These new corn flakes bear a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Toasties do not depend upon cream and sugar for their palatability.

Try some dry—they're good that way and the test will demonstrate their flavor. Then try some with cream or rich milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their even crispness and delightful flavor—the most perfect corn flakes ever produced.

## NEIL O'BRIEN'S MINSTRELS

Coming at the Bennington Opera House Next Wednesday Evening

Neil O'Brien's great American minstrels will be the attraction at the Bennington Opera house, Wednesday, August 9. This will be the fifth season of the O'Brien minstrels under the management of Oscar F. Hodge and this year will be an entirely new one without a single stale or obsolete feature. Among the novelties will be a new sketch for the star himself, written and produced by him, called "The Jitney Joy Bus" which is described as a merry gazelle satire and said to be a laugh from start to finish. Other features are a new song and dance act staged by James Gorman called "The Ebony Yacht Club" which enlists the services of ten of America's most nimble-footed dancers.

There will be singers, dancers and comedians galore in the first part and an entirely new idea in the way of a stage setting. There will be a noon-day parade of the minstrel boys and it is said that this street display will be well worth witnessing.
